

Experience the story of how an orphaned cub became a king in **Mufasa: The Lion King**, the prequel to 2019's *The Lion King*. Told in flashbacks, the story introduces Mufasa as a young cub, embarking on an expansive journey with a group of misfits searching for their destiny.

There's more time to enjoy Daniel Craig's performance in **Queer**, directed by Academy Award winner Luca Guadagnino, and Ariana Grande and Cynthia Erivo take centre stage in the film adaptation of hit musical **Wicked**. Plus, we've brought **Conclave** back by popular demand – don't miss the chance to see this papal drama on the big screen.

Finally, it wouldn't be a DCA Christmas without a great selection of Christmas films. Join us for vintage classics **It's a Wonderful Life** and **White Christmas**, winter romance **The Holiday** and family favourites **The Muppet Christmas Carol** and **The Polar Express**. We've even got a festive **Dundead** double-bill of **Black Christmas & Dead of Night AKA Deathdream (50th Anniversary)**. Enjoy!
